“ *I'll never forget working with Dawn, first at Dean & Deluca and later at Balducci's. She was one of a kind. I'll always remember her as a hard worker and as someone you could truly count on, whether as a colleague or a friend—and for so many laughs. Dawn, I've told you this before, but you were the first person I truly bonded with after moving from California. That memory has always meant the world to me, and I'll carry it with me forever*
