“ *My and my Families deepest condolences for my Uncle and his Family. I always picture him with a big smile and laughing even years ago before working at Howard University when he was scrambling to find a job to support his Family now as an adult with my own family I now really appreciate his positive aditude and I myself try to appreciate and approach life with such a positive attitude. I am so sorry I was not able to attend in person but I had surgery yesterday and am still recovering. I loved hearing everyone speak and haring their experiences with my loved Uncle.*
