

Dr. Rawatmal B. Surana

November 9, 1935 - September 4, 2024

It is with heavy hearts that we are sharing news of the passing of Dr. Rawatmal B. Surana. After a lengthy battle with Parkinson's and congestive heart failure, papa left us yesterday afternoon. He died peacefully, surrounded by his loved ones. As we reflect on his 88 years of life, we are heartened by the knowledge that he touched countless lives. His work as a pediatrician, geneticist and educator positively impacted the quality of life for so many.

Outside of his professional life and after raising three strong, independent daughters and supporting his extended family, papa enjoyed countless hours playing with (and spoiling!) his grandchildren when they were young, traveling the world with mom, going on cruises and playing cards with his friends.

Even in his final days, he spent time reviewing all his papers, life documents and accounts to ensure everything was in order so it would be as burdenless as possible. And now, he is no longer in pain and is reunited with mom, no doubt teasing and playfully arguing with her.

Funeral services will be held from 1 to 3 p.m. on Friday, Sept. 6 at the March Life Tribute Center, 7601 Old Sandy Spring Road, Laurel, MD.

We would like to thank the countless messages of support and love we have received over the last several days. It is a difficult time for all of us, but

knowing he was loved, respected and honored by so many friends and family
– near and far – means more to us than words can ever express. Thank you!
