“ Our prayers go out to Bobby's wife and kids! 🙏 He will always be remember as a fun loving cousin! He could always put a smile on your face! I remember me and cuz went to shoot basketball! 😊 We enter the gym and two so called ballers ask us to play! Looking at my cuz style they assume they had an easy win! Bobby turn in to Michael Jordan that day, he was sliding, hacking, making 3's rebounding! I don't think his brother Al 😊 could touch him that day! We beat those "Ballers" that day! And that's just one of a millions memories I have of my BROTHER/cousin BOBBY! I will miss him!  
❤️❤️❤️❤️❤️❤️❤️❤️

“ Hey Mr. Bobby. That was our neighborly greeting. And then came along "his girl" my daughter who he watched out for from the front porch, mentored and treated like his granddaughter. He put those social work skills to good use for her and me. He was the Mayor of Oglethorpe Street and EVERYONE on the block loved him. He was straight to the point and Johnny on the spot. We will miss you Mr. Bobby. I'll be sure to take care of your girl and remind her every day of your sage advice

“ Beloved Mr. Kelsey,

*There are many thoughts that flood my head and heart as I recall growing to know you. Your spirit/presence echoed kindness, love, and protection. I fondly grew to know you through your daughter, Kimberly; and for as long as I can remember you always made sure that I felt included in every dose of your “fatherly love”. Whenever in your presence and in watching your exchanges, I admired the love and care you exuded for those that you loved. So much so that, I had a tremendous amount of respect for you as a “father figure”. Through my long-time friendship and sisterhood with Kimberly, you would affectionately call us, “Giggles 1 and Giggles 2” whenever we would get together, or I arrive to the house because we enjoyed and spent quite a bit of our times together laughing. Memories of you chauffeuring us around from after school jobs, to drop offs to the bus or train station, to my only visit to Morgantown, WV or driving through the neighborhood and yelling your greetings to either myself or my beloved mother; and our first ‘safety talk’ when Kim and I took our first road trip in which you reminded us to “always have each other’s backs” and that still sticks with me! I genuinely believe that you had a heart of pure gold.*

*I am so sorry that we did not have more time Earth side, but I am truly grateful for your impact and love. Please give my beloved mother a hug and kiss from me!*

“ My lasting memory of you will always be centered around your degree of kindness, care, and protection. I cannot begin to list the number of times that in passing or in my long time friendship and sisterhood with Kim that you made me feel included and a sense of that "fatherly love". I certainly honored you as such!!! Years ago, you begin to call us "Giggle 1 and Giggle 2" simply because Kim and I spent our time laughing.....ALOT. From the many times that you would chauffeur Kim and I around for our planned adventures or after school jobs, to our first of many road trips in which you were determined to give us our first of many safety talks and orders to "look out for each other"; to those moments you would pass through the neighborhood and yell out your greetings if you were unable to slow down! I may have only been exposed to a portion of that love, care, and protection but I am happy to note its significance to your legacy. I am grateful for your time Earth side and even more so for being present for others in their time of need, grievances, etc. I will forever remember your voice and continue to look out for my best friend and sister! Please give my mother a hug and kiss for me! My love to you and rest in Heaven!

“ Its me big brother Bob your big sister ♡ mouse as you always called me 😞. When I was born you DID NOT !!! want me around , he also didn't want momma to keep me , he told 😞 momma to take me back to where she got me from 😞 he said I was ugly and that I looked like a mouse . Henceforth thats how I got the knick name mouse and he's been calling me that ever since . Big Brother Bobby and Big Sister Gala had a very special relationship ♡ ✨ My 1st big brother my heart hurts 💔 endlessly, but you've been hurting for a very long time and it hurt me to see you that way but I wish you were still here with me though . I know you were tired of hurting you would even tell your mouse that all the time . The lord didn't want you suffering anymore so he came and took you to heaven with him 🙏 so my loving big brother you no longer have to deal with no more pain at all . I love you and miss you Bobby and always will , But until I see You again Bob R.I.H.P 🙏💋🙏

“ To my dad. What can I say? You have had 72 amazing year's around the earth and you were getting prepared to take off for the 73rd time in a few months. But you weren't able to make it because God needed your attention on a contract that only you could fulfill. Your contract on earth has expired daddy, but the one you have waiting on you behind that pearly gate will never expire. Your job from here on out is to watch over your family. Yes you have left me with a broken heart, but everyday I will start to glue the pieces back together. Love you to the universe and beyond, your middle daughter Kwanise (Kitten)

“ Daddy you will truly be missed. As your first born, you were my first love. I'm so glad I have so many memories of you. It meant the world to me that you made it to my 50th and we had a ball. Your presence will be missed dearly and you also have your wings with your grandson (Scooter). I love you forever and until we meet again, take care of my boy.
