“ *I was deeply saddened to hear of my friend Ryan's passing. While Ryan and I never worked together at GSFC, we often chatted about his hobbies and our families. He and I had many close conversations about life and deep, purposeful duty for others. He was a good friend and confidant. I regret not being able to attend his funeral due to not being in the country. Ryan will be missed, but he will not be far from my thoughts. Be at Peace my friend. --Sanjeev Sharma*

“ I met Ryan over 20 years ago, i was young in my career at that time and I can remember the first time meeting Ryan and how we connected immediately. Ryan was always available to talk when you needed him... I can still hear his strong voice yet calm demeanor giving me advice about work and life. This wonderful brother will be truly missed, the world was better with Ryan here ...but because he deposited so much love and wisdom in to so many over the years ...the world is still better even in his absence.

“ This is so sad; I'm lost for words. Ryan was an outstanding young man who always strived for the best for his family and friends. I've known Ryan for a longtime, old softball days and don't forget drag racing. He will be missed! Gone but never forgotten!

“ I will never forget that he hosted my Lego robotics team at NASA Godard, it really meant a lot to the kids. I know the work he did mentoring young people developed many fine scientific minds and inspired people to be their best. I will miss him dearly even though we didn't see each other often. And of course his contribution to the "Coleman Cafe" is a treasured memory, I will never forget his smile and laughter. My sincere condolences to Aunt Sheila, Shaina and Jared.

“ *I worked with Ryan on a NASA Project at Goddard and enjoyed many discussions of our Mission and our love for cars. We shared many stories and photos of our hobbies. Ryan also spoke highly of his family and it was clear how much he loved them. Sending lots of love and prayers to his wife and children.*

“ *I loved working with Ryan at NASA Goddard. We had many talks not only about how best to do the job at hand but about our faith. It was refreshing to be able to speak about our faith and share prayers with a co-worker. Knowing Ryan was on a job, we all knew it would be more than taken care of. Such a great, excellent example of the best of NASA. There were so many stories he shared about his beautiful wife, kids, and family - so beautifully obvious how much he loved his family. While he will be greatly missed, it will be awesome to see him again in the Kingdom of Heaven with our Lord Jesus Christ. Warm hugs and prayers of God's comfort and peace to all who loved Ryan ❤️*

THE MEETING PLACE

*A tribute to a chosen kin,
Where "family" meant more than blood within.
Hardworking souls, with spirits strong,
Where caring hearts would all belong.
Driven by a common grace,
Compassion shone on every face.
Motivated, with a faithful core,
They opened wide their home's front door.
Resourceful, fun-loving, and so bright,
They banished worry, fear, and fright.
With "no nonsense" guidance, clear and true,
They built a haven, for me and you.
From day one, a welcome warm and deep,
A solemn promise they did keep:
"You are family, we got you here,"
Dispelling every doubt and fear.
Such blessings in a found family's embrace,
A special, cherished, hallowed space.
Though time has brought a heavy cost,
And precious members have been lost,
Each memory a treasure held so tight,
A guiding star in the darkest night.
In prayer they're kept, the bonds still strong,
Where love and loyalty belong.
To Selby, Fosque, and Turner, a heartfelt plea,
Thank you for your love and for accepting me.*

“ *Poem For Our Family*
We thought of Ryan today.
but that is nothing new.
We thought about him yesterday.
And days before that too.

We think of him in silence.
We often speak his name
Now all we have are memories.
and his picture in a frame.

His memory is our keepsake.
With which we'll never part.
God has him in his keeping.
We have Ryan in our heart.

“ *It was great knowing/working with Ryan and he will be missed.*
Sending prayers out to his children and wife. He spoke about his
family with such pride and love, and it was clear that they were the
center of his world.
